

It's eakin dot[®] that can now fit more sizes and shapes

eakin dot[®] 2-piece is now available in a larger 80mm ring size – ideal for stomas up to 50mm

Our eakin dot[®] 2-piece flat system gives more people the added confidence to be themselves

eakin
dot[®]

A SMALL PART
OF A BIGGER LIFE.

eakin dot[®] 2-piece is now available in a **larger 80mm ring size**

You asked if we could supply a 2-piece flat system suitable for early post-op use and larger stomas.

To help make a difference to more people's lives, we have designed the new eakin dot[®] 2-piece flat system with an 80mm ring, making it ideal for stomas up to 50mm in size.

You asked, we listened.

“ The daisy-shaped baseplate conforms to swollen post-op tummies ”

(Clinical Nurse Consultant, Stoma Therapy, Australia)

Reasons to choose eakin **dot**[®] 2-piece 80mm ring:

- ✓ Early post-op use
- ✓ Temporary stomas
- ✓ Loop ileostomies
- ✓ Parastomal hernias
- ✓ During pregnancy
- ✓ Larger BMIs

Remember – our eakin **dot**[®] 2-piece flat system has **3 unique innovations**, which *really* do help **make a bigger difference**

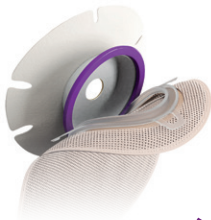

skinsmart[™] hydrocolloid for longer-life wear sticks instantly, securely and for longer – adapting to any body shape.

80% rated security as good or excellent¹ (n=162)

Our **purple guiding ring** acts as a visual aid to enable an easier and quicker bag change

“ I like the very visible purple ring ”
(Stoma Therapy Nurse, New Zealand)

Our simple '**peel down**' action of the bag from the baseplate delivers **maximum control** and **reduced chance of spillage** during bag changes

“ No problem detaching the bag from the baseplate. The coupling system “caught” the stoma output when removing the bag ”
(Stoma Therapy Nurse, Australia)
